

* HELLO MOTHER ANGELICA * AUSTRALIAN PROPHECY SCHOOL *
* ELIM HEIGHTS CAMPMEETING * TESS LAMBERT * 2019 *

We have for our first presentations, had an overview of the **Midnight Cry message** as it developed, particularly from **2016** the **increase of knowledge** through the **formalization**, we spoke of that message being **formalized** in **October 3rd, 2018** in Arkansas and later **October 13th** in France.

I gave a little more history of that period than has been done before, showing how at the very outset, the very day that it's presented, it causes a disagreement or a shaking within this movement. Not over the date **November 9th** but over the concept of understanding of **two streams of information**.

On **October 3rd** when the message was first presented, **Elder Jeff** immediately reacted against that understanding. I just want to remind us of that fact, that on **October 3rd** at that very moment, that was where the **controversy** began, and that has **continued** to be **controversy** all the way through. Whether it was at the very camp meeting after the **Midnight Cry message** was given or whether it began to be undermined, it had to be **reinforced** with the study of the **repeating pattern, Boston, Concord, Exeter**. reinforced again with a **battle of Ipsus** and so forth.

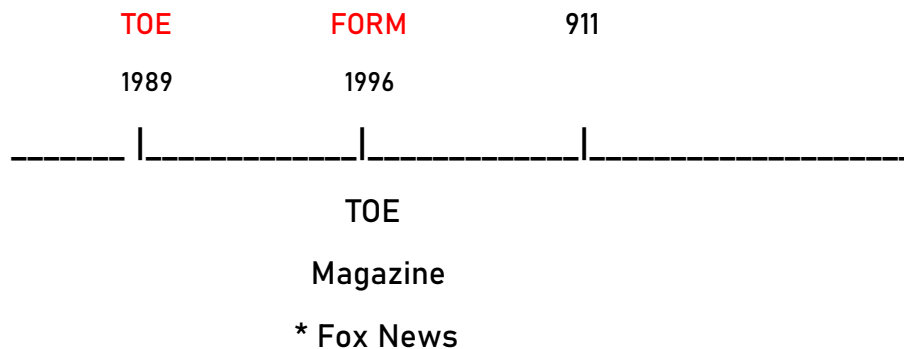

All through the year, highlighting how clear **prophecy** is in **demonstrating** these **two streams of information**. And then just after the **German camp meeting**, held about six weeks or two months ago, **Elder Jeff** and **FFA** and his followers separated themselves from the movement.

In the very first video, he goes **attacking the leadership** of this **movement**. Saying we're in **apostasy**, and **separating** himself from **us** is a video

entitled, "**Hiding Mother Angelica**" It's the first video **Elder Jeff** presents as an **attack** on this **message**, on the **leadership** of this **movement**.

And what he's **attacking**, as was **attacked** on **October 3rd**, is the **message** of **two streams of information**. And the essence of what he shared was this.

"I have taught from **October** throughout the year that in his history of **1989** to **9/11** you have this **increase of knowledge** and this **formalization** in **1996**. And this is the **formalization** of the **first angels' message**. And we've known in **1996** as a **formalization** of the message through "**The Time of the End**" magazine."

And what I highlighted, was separate to the **formalization** of our **first angels' message**. You also have these **external information streams**, also being **formalized**. Now I have been broad with that. I've been happy for people to just see this as an overall **formalization**.

First of all, I'll show what **Elder Jeff** presents.

This is the beginning of **Fox news. Fox News** is the propaganda mouthpiece of the evangelical far-right today. The mouthpiece of **Donald Trump** and his administration and those who support him.

So, you have **Fox News** coming to existence. So, **Fox News** or the **information stream** for apostate **Protestantism**, is also **formalized** in **1996**. And throughout the presentations, including last **October**, I've also highlighted just as a curiosity, but also prophetically significant, many other **information** sources.

Also, you find either coming into existence in **1996** or in some way **transforming**, I have listed **The New York Times, The Washington Post**, they both go online, they don't begin in **1996**, but they take advantage of this new **World Wide Web**. It's the beginning of **Yahoo News**, and one of the ones that I find most fascinating is **Cryptome**.

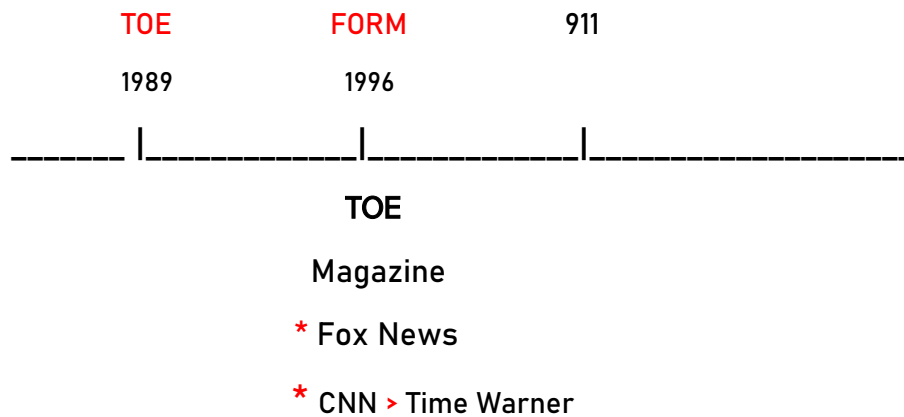

- **Yahoo**
- **New York Times**
- **Washing Post**
- **Crypton**

There was a **young Australian** man who saw this **website Cryptome**; **Cryptome** was this Web site that enabled people to **anonymously leak private information**. This **Australian man** saw this website **Cryptome** and said. I like this hacking business; I like this releasing of government secrets anonymously. And he asked the creator, can I work with you, and the creator of **Cryptome** said no, I work alone.

So, that **young Australian** man **Julian Assange** said, that's fine I'll start **my own**. And he started **Wikileaks**. **Cryptome** was the predecessor of **Wikileaks** and it inspired **Julian Assange**.

So, even on that level, which you wouldn't put in any key prophetic box **Cryptome** is **formalized**, these websites **formalized** in **1996**. But the ones that we highlight, I have highlighted is **Fox News**. And I've also

taught that in this history you see **CNN** brought over. It doesn't begin in **1996** but it's brought over by **Time Warner**. And that also transforms the **CNN** Network.

So, it's the year of news overall, **externally** and **internally**.

What **Elder Jeff** taught when he came out and attacked this message about six weeks ago, **was that he's found a third**.

See what I teach is that **Fox News** and **CNN** are **two information streams** within the **United States**.

So, if you look at **Donald Trump** today, it's **2019**, how many different narratives do you have within America about who he is.

Is he **Cyrus** the savior of the **United States** or is he a **dictator** the **destroyer** of the **Constitution**? **Because you have a choice between two different narratives**.

CNN will say, he's **destroying** the **United States** and he's **rising** as a **dictator**. **Fox News** will say he's **been raised up of God**, and that he's is the **biblical fulfillment of King Cyrus**, and he's restoring **America** as a city on the hill as **God's** people.

Which one is right prophetically? **Prophecy is clear**, this side is correct, in fact, they have in so many ways given **evidence** to our **prophetic message**. So, you have inside the **United States, two streams of information**. What **Elder Jeff** teaches is that it's not **Fox News** versus **CNN**, what he has **pushed** from the very beginning from **October 3rd**, is that they are both equally bad.

So, conservatives who say **Donald Trump** is their **savior** of the **United States**, they're **bad** because he would say they're the **voice** of the **false prophet**.

So, **Elder Jeff** would say, **Fox** equals the mouthpiece or the voice of the **false prophet**. He would say that **CNN**, those **liberals** who are saying **Donald Trump** is a **dictator**, that they are also **bad**. And that they are the **beast** of the **UN**, who he calls the **dragon**.

“Hiding Mother Angelica”

Fox = False Prophet

CNN = Dragon

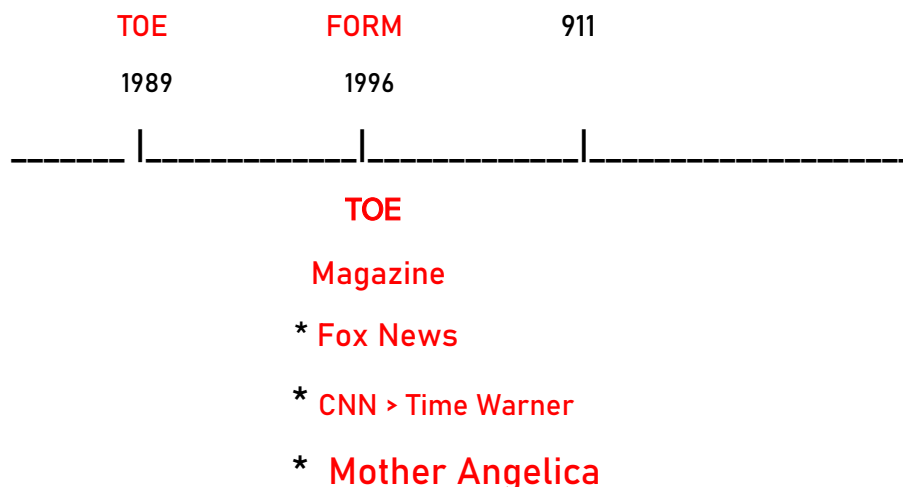

The first problem I had with that is, on what level does **CNN** speak for the **United Nations**. Go in to a definition of what the **United Nations** actually are, **CNN** does not speak for **Ukraine** or **Germany** or **India**, they speak for a portion of the **American public** within the **United**

States, who believe that their country is under the control of a rising dictatorship.

But he would say that **CNN** is the **mouthpiece** of the **UN**.

And then what he came out with at the beginning, just after the **German camp meeting**, is this study "**Hiding Mother Angelica**".

And he said that he has **proof** now that he was **correct** because he's found another one. There's was a **Catholic Nun Mother Angelica**, who started a **news network**. And you can place that **news network** in some fashion in **1996**. And it's the largest **Catholic News Network** today.

So, he teaches that you have the **mouthpiece of the false prophet**, the **mouthpiece of the Dragon** and the **mouthpiece of the beast**, and that they're **all equally** bad, **all equally** wicked.

And I addressed that yesterday where I said with the first problem out of many problems is, who is doing the **plowing** of the **Nethinim's**, because you would have to either decide that **the false prophet is plowing the Nethinim's**, the **dragon is plowing the Nethinim's** or

the **Beast** is **plowing** the **Nethinim's**. And you know that that makes absolutely no logical sense.

So, this is just a little bit of a background back into our study.

This is really the core **disagreement** that **developed** from **October 3rd**. This disagreement about whether or not you have these three **information streams, formalized in 1996**, These three **information streams** that are **equally bad**, or whether or not you have **many information streams formalized**, that that **Fox News** and **CNN** are **two information streams** within the **United States**, One speaking for **apostate Protestantism** and one doing the work of **plowing** the **Nethinim's**.

So, back to our **study** of the **counterfeit**, that was just a short introduction.

Yesterday we began to revisit this study of the **counterfeit**. And we showed how you have the story of the **true**. You have a period of **scattering**, and God **gathers** his people in **1798** by **raising up a messenger** who, although not appearing to at first, is by the **end** of that history, that **46-year history**. He's going to **overthrow** the **leadership** of God's church and bring in this **testing message**, that's going to cause a **division within the church**.

This messenger was **William Miller**. And what **tests God's people** was a **three-step prophetic testing message**. This is a **46-year history**. In **1818** he has his message in a capsule, in **1833** its **formalized** he received his credentials, and it begins traveling and teaching in **1844**, **it ends in disappointment and failure**.

In that same history you have **Ellen White** rising as a prophet receiving direct **revelation from God**, you take that to the **counterfeit**, they had gone into **apostasy** when they abolish the **Jesuit Order**. They've begun disobeying their boss. In **1798** they're **scattered** they go into captivity.

Satan needs to raise up a **new leadership** from within the **Catholic Church**, it's going to be **divisive**, he's going to make a lot of **enemies**, and that new leadership was **Eugenio Pacelli**.

In **1899** he becomes a priest and he begins to study **Code of Canon Law**. In **1917** he has his message in a **capsule** the **Code of Canon Law** is completed, **the same day that he's made a Bishop** to be sent to **Germany** is the same day as the visions of **Fatima**.

So, you have the **Code of Canon Law** and the message of **Fatima**. One is going to give **the ideology, the spiritual**, and one is going to give **the leadership the structural**, both **formalized** and both in a **capsule** form but not yet **formalized** the **13th** of May, **1917**.

1933 you have that **message formalized**; it's signed into **law** with a Concordant with **Hitler**. And that also places **Hitler** as a **dictatorship**. And **Eugenio Pacelli** then takes over the **leadership** of **the Catholic Church**. He begins **destroying** the documents of his **predecessor**, restructuring the **Catholic Church** as **Pope Pius** the **12th**.

And in this history that caused a **Civil War** internally. He was **hated** by the **leadership** the **Catholic leadership** in **Germany**. And what is **Germany** in this history? **Germany** is the **King of the North**.

So, you can see **Pope Pius** the **12th** has major issues with his **church** in **Germany**. And **Germany** in this history was the **king of the north** but it ends in **disappointment** and **failure**.

This is a **46-history** beginning in **1798** and ending in **1844**. This is a **46-history** beginning in **1899** and ending in **1945**; **disappointment** and **failure, disappointment, disappointment** and **failure**.

Their message had existed in its **capsule** form from **1818** and from **1917**. **Formalized** in **1833**, **formalized** in **1933**.

Ending in **disappointment** they go into a **scattering** time. Just trying to save what is left of them, of their **church**

Ellen White announces that they are entering into a new **gathering time November 1, 1850**, and she points her **church** back to the **messages** given in this history that were written on the **1843 chart**.

Pius the **12th**, he begins a new **gathering time** to a **million** strong crowd, announces the **dogma** of the **Assumption of Mary**. He's pointing his **church** back to **Mary** and the **messages** of **Fatima** from this history. They enter a **gathering time**, it goes nowhere. By now **Adventism** is in a **Laodicea** condition. The **Catholic Church** was in a **Laodicea** condition

1863 organization rejection of the prophetic message.

1962 reorganization rejection of their prophetic message.

And then you have this **period** where there is another **attempt** to **finish** the work. This happened under the **message** of **Jones** and **Waggoner**. That he was **half right half wrong**. He was **opposed** by the **leadership** of **Butler**, who released a **book** titled, based on the book of **Galatians**, attacking the **message** of **Wagner**.

1989 for the **Catholic Church**, was there **1888** experience.

You had **John Paul** the **2nd**, he was **half right and half wrong**. He wants to **take down** the **Soviet Union**, but he also was in direct **opposition** to the **Jesuits**, and the **reorganization** of the **Second Vatican Council**.

And we all agreed yesterday that that **reorganization** for the **Catholic churches** work at the **end** of the **world**, was a good thing, for them, for **Satan** their **boss** it was a good thing.

So, the **Jesuits** are again under **attack**. Remember they went into a **scattering** originally because they wouldn't **listen** to their **Jesuit order**. And **John Paul** was **opposing** their **Jesuit Order**.

1987 a book written by a close **associate** of **John Paul** the **second Malachi Martin** saying the **Jesuits** the betrayal of the **Roman Catholic Church** essentially saying the **Jesuits** have **betrayed** the **Catholic Church**.

So, this continues a history in the **Catholic Church** of **scattering**. The years after the **fall** of the **Soviet Union** for **John Paul 2nd** were not happy ones, He **recognized** that his **agenda** in **Eastern Europe** and his **agenda** to work with the **United States** government was a **complete** and **utter failure**. He knew that before **1991**.

By **1990** he's trying to work with the **United States** in the **Middle East** where you have this **conflict** that **developed** into **Desert Storm** and the **Gulf War**. By the time you get to **Desert Storm** the **United States** is saying, we **appreciate** your **opinion John Paul 2nd**, but who are **you** to tell **us** what we can do **militarily**. And they **refused** to take any **counsel** from the **Pope**.

So, any type of **alliance** from the **United States** perspective, ends at least by **1991**. They no longer need the **Pope**, **communism** has **fallen**, the **Soviet Union** has **fallen**, they don't need **John Paul 2nd** anymore.

So, by the time you get to **1991** and after that history, he's known as the "**Angry Pope**", he was very **angry** about the **results** of that **history**.

So, you have this **Catholic church** in this **gathering time**, this **movement** has been in **existence** for **30** years now, how much of a head start do you think **Satan** is going to give us? When he knows that after **two histories of failure**, this is **now** the **end** of the **world**. **Satan** knows that this is **the end**.

How much of a head start is he going to give us? You have **John Paul** the **2nd** **failing** in **1991**. You have this **split** in the **Catholic Church**, this **Civil War** between **John Paul** the **2nd** and the **Jesuits**. And we say **Jesuits** kind of broadly, but really, they are the **liberal** faction in the **Catholic Church**.

What these **liberal** factions began to **recognize** was that **John Paul** the **2nd** was **not** on their side, and **John Paul 2nd** is preparing up his **predecessor**. He's stacking all the cards on this **Cardinal Ratzinger** who **John Paul 2nd** wants to succeed him.

So, this **liberal** faction within the **Catholic church** is recognizing that **John Paul** the **2nd** is **not** on their side, and they do not want another **Pope** like him next elected. And they know that **John Paul** the **2nd** is training up **Cardinal Ratzinger** to **replace** him.

So, what they do is they come **together**, and they **form** a **group**. And this **group** comes together in the **history** of **1996**, and they are known as the **St. Gallen group**. They **jokingly** would **refer** to **themselves** as the **St. Gallen Mafia**. And they were a collection of these **high-ranking Archbishop's, Bishops, Cardinals**, within the **Catholic Church** who were **opposed** to **John Paul** the **2nd**, **opposed** to another **conservative Pope**.

And what they wanted to do was to **elect** a **Pope** who **aligned** with their **views**, with the **views** of the **liberal Jesuit** factions. And **France** would **transform** the **Catholic Church** from the **inside**. They wanted to **overthrow** the **leadership** of the **Catholic Church** from the **inside** and bring about a **Reformation**.

This **St. Gallen group** came **together** in **1996**. In **2015** it became much more open what they had been about. **John Paul** the **2nd** **knew** that they **existed**, but in his **attempts** to **dig out** who his **enemies** were, he had **failed** to be able to **dig out** the **names**.

So, he had attempted to take them down, but they were too secretive.

In 2015 there were three main Cardinals in this St. Gallen group. One of those Cardinals wrote his autobiography, he's Cardinal Godfrey de Neel's, and he laid out this history in a much more open fashion. And this is an article from the National Catholic Register dated September 24, 2015.

It says,

“Serious concerns are being raised about Cardinal Godfrey de Neel's, one of the Papal delegates chosen to attend to the upcoming ordinary Synod on the family, after the Archbishop of Brussels confessed this week to being part of a radical Mafia Reformist group opposed to Benedict the 16th”.

So, in 1996 they come together to try and stop Cardinal Ratzinger being the next Pope they failed in that attempt. Cardinal Ratzinger became Benedict the 16th. Godfrey de Neel's is known as this radical liberal reformer within the Catholic Church.

And this article goes on to state some of his beliefs that differ from conservative traditional Catholic thinking.

“At the launch of the book in Brussels this week September of 2015, Cardinal de Neel said he was part of a secret club of Cardinals opposed to Benedict the 16th. He calls it a Mafia Club that bore the name of St. Gallen. The group wanted a drastic reformation of the Catholic Church to make it much more modern. And they had a name they had a Cardinal, they wanted to head it, his name was Cardinal Jorge Bergoglio.

So, there was three main Cardinals of this St. Gallen group. The one we just mentioned was Cardinal de Neel's he was the Archbishop of Brussels. Another was Cardinal Martini. And a third, the Archbishop of

Milan, **Cardinal Kasper**. These are the **three** kind of known as the **Triumvirate**.

Cardinal Martini is one of the most **fascinating**, he would **teach** that the **Catholic Church** is in this **pompous tired condition**. Essentially the **Catholic Church** is in **Laodicea** and it's time for a **renewal**. He would **teach** that the **Catholic Church** is entering into a **prophetic time period** when they should **expect** surprising **developments** through the **work** of the Holy Spirit.

And this **Cardinal Martini** he was a **tutor** of another **man** rising up within the **Catholic ranks**, **Jorge Mario Bergoglio. Bergoglio** was sooted within this **St. Gallen group**. In **2001**, prior to **2001** had not met him.

So, in **1996** this **group** comes **together** but they **don't** yet have their **man**. **Martini** is **mentoring** this young **Bergoglio**, but these **three** are looking for someone who's going to be **able** to **conduct** his **reformation** within the **Catholic Church**.

In **2001**, **Jorge Mario Bergoglio** is made a **Cardinal**. In that **same** year in **2001** he meets the **St. Gallen group**. And they **found** their **man** to **overturn** the **leadership** of the **Catholic Church** and **reform** it. In **1899 Eugenio Pacelli** is made a **Priest** and he comes **under** the **tutorship** of **Cardinal Gaspari**. He's going to **rise up** through the **ranks**, completely **reform** the **Catholic Church** and become **Pope Pius** the **12th**.

In **2001**, **Jorge Bergoglio** becomes a **Cardinal**, he meets with the **St. Gallen group**, he's **tutored** under them, he's going to **rise up** become **Pope Francis** in **2013** and begin the **work** of **reforming** the **Catholic Church**.

1899 is the **beginning** of the **Alpha** history of **modern Babylon**. **2001** is the **beginning** of the **Omega** history of **modern Babylon**.

2001 he begins **training** under them, but it takes **time**, they **failed** to have him **elected** at the **death** of **John Paul 2nd**. But in **2013** they **succeed**, and he becomes **Pope Francis**.

And he's began this work of **implementing** the **ideology** of the **St. Gallen group**. Which has caused, if you have followed the what is happening **internally** in a **Catholic Church** the last few years, it's caused a **Civil War**.

What they are **fearing** will be the **greatest** in **schism** centuries.

In this history **Pope Pius**, the **12th**, who were his **greatest enemies** within his own church? It was **Pope Pius** the **12th** versus the **German Cardinals**. They didn't **like** him, they had to **force** him under his **control**. Where does the **greatest opposition** to **Pope Francis** exists today? Within the **United States**.

He's having to **force** the **United States, Catholic** leadership back under the **control** of the **Vatican**. **Pope Pius** the **12th**, **fighting** for the **control** of his **church** within the **king of the north Pope Francis**, **fighting** for **control** of his **church** with the **king of the north**.

Bergoglio was **elected** as **Pope** in **2013**. And it came **time** for him to **choose his name**.

I'll read excerpts from this paragraph regarding the history of their **St. Francis**.

"In the history of their **St. Francis** about **1,200** years ago the **Catholic Church** was in **trouble**. Many **Bishops** and **Priests** were absent **Pastors**, those who were in **residence** oftentimes were causes of **scandal** by their lacks **morals** and **bad example**".

So, the **Catholic Church** in the **history** of **Francis** was in a bad **condition**.

A man named **Giovanni Bernard Olin** was praying in a church named after **St. Damien** in front of a **crucifix**. This is their narrative of **St. Francis**.

*"The figure of **Jesus** on that **crucifix** suddenly called out to him, by his common nickname, which came from the fact that his father was French and said, **Francis** rebuild my house. The man who became eventually the great **Saint Francis** thought the **Lord** was asking him to repair the dilapidated **Church** of **St. Damien**. So, he went to his father's clothing store took some valuable fabrics and sold them, along with a horse in order to start repairing the church. He soon realized that that was not he what he was being called for. When this figure calls to him, Francis, rebuild my house, he came to realize, soon after that he was called to rebuild the church as a whole."*

He was being **called to rebuild the entire household of God**,

How did **St. Francis** rebuild the church? He helped bring the **church** back to her **foundations**, so, that the church could be rebuilt stoned by stone on the **foundation of Christ**.

What is the message of **Francis**? **Rebuild the church**. Take it **back** to its **old paths**, back to its **foundations**, and repair the **temple**.

So, from **2013** forward, what is **Pope Francis's** mission? What is our mission? **Our mission is to take the church back to its foundations, back to the old paths, and restore the temple.**

Francis has chosen the **exact counterfeit** name to do the exact same work within the **Catholic Church**. And why didn't he pick the name, **Francis the first**? They **always** take a **number** even if they're the first **Pope**, choosing that name they become the first, always the **number**. He **refused**, he said, I will not be **Francis the first** it's just **Francis**. Because he knows according to **Catholic prophecy**, one **Catholic prophecy**, he's also the only **Francis**, he's the last **Francis**.

So, he followed a **calling** to **rebuild** the **temple**. And this has been from **1996** forward, this effort to **overturn** the **Catholic leadership** from the **inside**. In **2001** they have their **man**.

2013 he's elected, it's in **2014** that he **begins** this **process** in a real way of **restructuring** the way the **Catholic Church** operates. and there's some **important Synods** in **2014**, some **extremely controversy social** meetings within the **Catholic Church** in **2014**, where he began to do that **work**.

In some factions of the **Catholic Church** he's now **known** as the **dictator Pope** and extremely **hated**.

Will go into some more of that **history**.

So, the **Catholic Church** is in a **state** of **Civil War**. God is sorting out His **church**, **restoring** it from the **inside**. And **Satan** is doing the exact **same** within the **Papacy**. He also has a **new leadership** rising up.

I don't want to go into all the details of what has happened, we know that last year that there was **Archbishop Vigano** released a paper calling on **Pope Francis** to step **down**.

And it was really not just **Archbishop Vigano** but a **huge faction** within the **Catholic Church**. Who believed that **Pope Francis** is an **impostor**, he would **teach** the **Antichrist** within their own **church**, and that he needs to be **cleansed** from the **church** and **removed**, so that the **church** can be **restored**.

So, **Vigano** publicly, for the first time they make this public call for **Francis** to step **down** as **Pope**.

So, we can go into all that history, but I want to **highlight** one particular **history**.

We know that our **dispensation** is **2014** to **2019**, and so much of what we see **happening**, you can place **bookends** with these **two dates**.

2014

2019

Just when you think about the rise of the **Christian Right**, you can bookend up with these **dates**, when you think about **Islam**, and **Islamic caliphate Baghdadi, 2014**, caliphate loses all of their land, **Baghdadi killed 2019**, you can bookend this history, whatever line you're threading.

I want to just use one thread, one story, and that has been the work that began in **2014** for an **Amazonian Synod** at the **Vatican**.

A **Synod** is a meeting of specific high-ranking **Catholic** officials, they meet, and they write a **proposal** or **recommendations** to give to the **Pope**.

So, a **Synod** is a meeting of specific high-ranking **Catholic** clergy. And they make **recommendations** to the **Pope**, **recommendations** that they would like to see **implemented** within the **Catholic Church**,

In **2014 Pope Francis** begins preparing an **Amazonian Synod**.

So, for time we won't go into all the details, but they, **Pope Francis** and his followers and this **St. Gallen group**, they believed in something known as **liberation theology**.

- LIBERATION THEOLOGY

And this is within **conservative Catholicism** seen as heretical. They believed in **liberation theology**, the **conservatives** within **Catholicism** believe that it is not only **heretical** but also the **politicizing** of the **Catholic Church**.

Liberation **theology** is a movement within **Christian theology**, developed mainly by **Latin American Roman Catholics**, which attempts to address the problems of **poverty** and **social injustice**, as well as **spiritual matters**. So, they're not just dealing with **spiritual matters** it's also relating to people's **rights, poverty** and **social injustice**.

And those **opposed** to **Pope Francis**, **attack** him, saying that he is making the **Catholic Church** political.

That is **both** an interesting **compare and contrast**, and also **quite** a curious statement when you consider how **political John Paul the 2nd** was. So, it's also quite **hypocritical**.

The **conservatives** will say **John Paul the 2nd** wasn't **political**. But now that you start **dealing** with something like **social justice** and **treating people right**, suddenly it's making the **Catholic Church** political, its **hypocrisy**. It's the same **hypocrisy** we see **inside** the **movement**, now **outside** the **movement** by those **attacking** us.

So, in **2014** he **creates** something called **REPAM**. And **REPAM** was the **organization** who was tasked with **preparing** an **Amazonian Synod**. **REPAM** was set up in **2014**, in answer to the **grave** concerns of **Pope Francis** and the **Latin American church**, regarding the deep wounds that **Amazonia** and its **people** bear.

So, it's particularly **focusing** on **Brazil**.

It embodies the promise **Pope Francis** made in the **Amazon** town of **Maldonado Peru**, to affirm a **wholehearted** option for the **defense of life**, the **defense of the earth**, and the **defense of cultures**.

It stands for the **Red Ecclesial Pan-Amazonica** or **Pan-Amazonian** eclassical network So, **REPAN** was the **preparation** work for an **Amazonian Synod**.

And as you can imagine, this is already causing **stirs** within the **Catholic Church**.

What I want us to see, is this is **bigger** than just **South America**, bigger than just **Peru** and **Brazil**. This **Amazonian Synod** is particularly an interesting **chiasm**. It's now particularly being **pushed** by the **Catholic leadership** in **Germany**. Pretty much by the **liberal Catholic Cardinals** all over the **world** but **particularly Germany**.

So, it's a **worldwide movement**, and there's **specific** reasons why **Germany** would **care** about the **Catholic Church** in **Peru** and **Brazil**.

I'm going to quote from an article, this is a **German Bishop, Bishop Krautler**. And this is quoting him from **April 4** of **2014** He's **talking** about the **issues** within **Brazil**.

He said, first he meets with **Pope Francis**, and he says in that meeting, "I referred first to our communities and regretted that because of the great shortage of **ordained ministers**, they only have access to the **Eucharist** a few times a year." The **Pope** then suggests to the **bishop**; Why don't you **ordain married men**? And what is that **within** the **Catholic Church**? **It's heresy**.

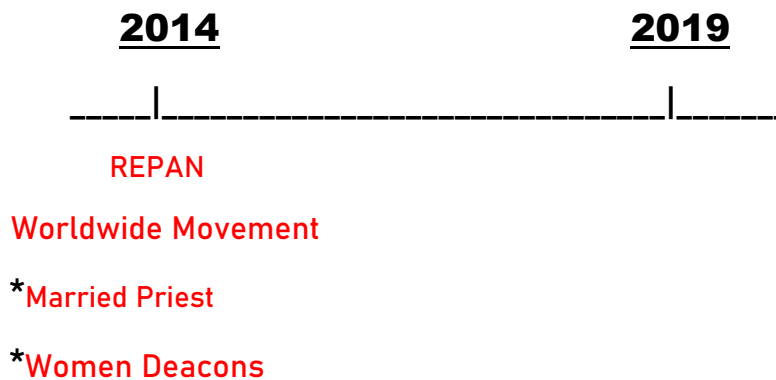

Pope Francis told this **bishop** to make bold proposals with regard to the **shortage** of **Priests**. In **2014 Cardinal Humes**, in connection with **Bishop Krautler** brings up the idea of **ordaining married men** in the frame of the **Brazilian Bishops Conference**.

September 12, 2014, REPAM was officially **founded** in **Brasilia**, at a **September 9 to 12 gathering**, in **Brasilia Brazil**. This is just stepping through this history how this **Amazonian Synod** has been in **preparation** for these **five** years.

But these **Cardinals**, their **agenda**, what they want to see happen **within** this **Amazonian region** is the **ordination** of **married Priests**. And they

also want to see **women deacons**. Both of which beliefs are **heretical** within the **conservative Catholic Church** faction.

At this stage they're only **pushing** for **women** to be **ordained** as **Deacons** within the **Catholic Church**. But this is where the **Anglican Church** **began**, and everyone knows that.

The **Deacon church** began by making the **deacon office** open to **women**, and soon after they're able to make **women equal** on all **levels**.

So, it's the first step and everyone knows it's the first step. So, this is an issue about **marriage** and about the **role** of **women** within the **Catholic Church**.

March **2** of **2015** the **Vatican** hosts a **press conference** presenting **REPAM** to the **public**.

2017, **Pope Francis** convoked the **Synod of Bishops** on the **Pen-Amazon** region.

November **2017**, in **Ecuador** there's the first **gathering** organized, by **REPAM**, which is there to **organize** and **discuss** the upcoming **Amazon Synod**.

January **19**, **2018**, **Pope Francis** converts the first **Priests** and **Nodal Council**. So. this is how this **preparation** has happened over **14**,

15, 16, 17, 18, and then into **February 2019**, **REPAM** goes to **Washington DC** in order to present the **Amazon Synod** and lay out some of its **main** goals.

It's the **Jesuits** in **Washington DC** hosted **REPAM** there. And you also notice that **Pope Francis** is the first **Pope** in **Catholic** history as a **Jesuit**, so, that they're **working closely together**.

When we talk about the **Jesuits**, I want us to **remove** from our **mind** our **conspiracy theories** of some **secret organization**. The work the **Jesuits** are doing was public back in **1773** history, it's public now, you can see it.

If we start relying on **conspiracy theories** and **hearsay** about what the **Jesuits** are doing, we're **heading** into the **same** territory as **Donald Trump**. What the **Jesuits** are **doing** is **public** and **open**. They are the **nice faction** within the **Catholic Church**.

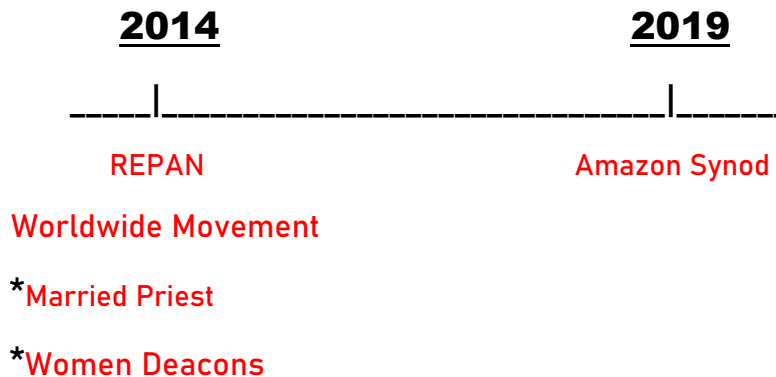

They are the ones fighting for **liberation theology** for taking **care** of the **planet**, for **human rights**.

So, **June 26, 2019** there's a **secret meeting** near **Rome** with a **number** of **Cardinals** and **Bishops** and a couple of other **key figures**. A final statement of that event, this **secret meeting** one of the **final** steps in **preparation** for the **Amazon Synod** was made a final statement **calling** for the **ordination** of **female deacons**.

All of this history of **14** to **19** that I've just read, is from a **website**, known as **Life Site news**. This is a **Catholic news web site** and they are **against Pope Francis**.

So, they finalize their summary of this history of **14** to **19** with the following statement; this short **overview** that they've just given, gives the **impression** that the **Amazon Synod** is being **organized** mostly by a

close-knit **group of people** who have been working for years together trying to advance their agenda that is influenced by **liberation theology**.

So, you can see **Life Site news**, of what I just quoted are against **Pope Francis**, if you can try and remember them.

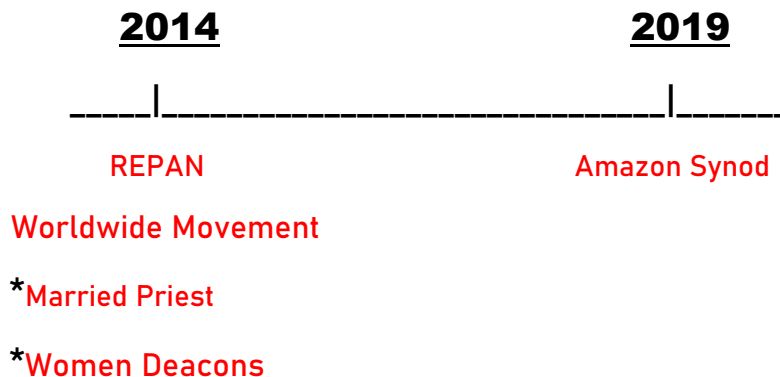

I want to quote now from another **Catholic web site**; They say the rhetoric against **Francis** is **unprecedented** in the last **200** years. This is quoting **Jesuit Marc Massa**, director of the **center for religion and American Public Life** at **Boston college**.

He says, "*this is stirring up a pot which if it boils over may very well be guilty of causing a schism within the **Catholic Church***". They, the **conservative Catholic** faction are afraid of **Francis's** efforts of **reform** and are **willing** to do almost **anything** or **align** themselves with **anyone** to stop **him**.

This **Amazonian Synod** came together just in the last few weeks, it finished I believe last week it had been in **preparation** since **2014**, and those specially chosen **Catholic leaders** wrote this document and **recommendation** to the **Pope**.

And they **recommended** that the **Pope** in this area of **South America**, make it formally **permissible** to **ordain married Priests** and **women**

Deacons, just as they had been **expecting** and **encouraging** through those years.

All of this has **caused** a **great shaking** within the **Catholic Church**.

So, when you come to the first days of that **Amazon Synod**, when **Pope Francis** was opening the **Synod**, a **delegation** from the area of the **Amazon** with the **native tribes**, arrived at the **Vatican** with their **feather headdresses**, with their **traditional dress**, and with five statues, **five wooden statues of a naked pregnant woman**.

So, you have the **Vatican**, you have **Francis**, and you have this **group** come from the **Amazon region**. This group of **Catholics**, representing their **cultures**. They have their **feather headdresses**, their **traditional garments**, and they have these five statues and there's five pregnant women, and she's naked. And you can see it's like a cross-section. You can just see this wooden belly and a baby inside.

This caused **outrage** within the **Catholic Church**. So much so, that after the **ceremony**, the **Pope** put these statues of these women in a **Catholic Church**. And one of these **conservative Catholics** flew, from another country, went **into** that **church**, someone videoed him, he **took** those **five statues** and he **threw** them **into** the river in **Rome**.

Pope Francis had someone fish them out of the river and bring them back. And he made an apology to the **Amazonian** people.

But the conservative **Catholics** rejoiced.

They said that they had allowed this pagan culture to bring in these pagan idols into their **Catholic Church**. And one **Cardinal** said, the great mistake was that **Pope Francis** ever allowed the idols into the **Catholic Church** in the first place. So, now it was public.

He told one **Catholic** broadcaster, **EWTN**, he said to throw it out can be against human law, but to bring the idols into the church was a grave sin, a crime against divine law.

EWTN later broadcast a video by the man who claimed he was the one that stole the statues, and he defended his actions and said those statutes were in violation of the first commandment; **you shall have no other gods before me**. So, what he did was a religious cleansing of the church.

A **Vatican** spokesman said, "*in the name of tradition and doctrine they threw away a symbol of maternity and the sacredness of life*", and they were labeled **racists**.

The **Conservatives** attacking those people, that delegation came, that's one of the reasons they attacked them was for the feathered headdress. And what's the response of the **Pope**? You don't like their feather headdresses, have you seen the hats we wear in the **Catholic Church**? Have you seen our three-tiered crown? So, **Pope Francis's** response is, you don't like their headdresses, what's your problem with our headdresses, they're ridiculous too essentially.

What I want us to see is the two different narratives existing in the **Catholic Church**.

I'm going to start to read some of these quotes. The one I want to particularly read from **EWTN**.

EWTN its tied to the **Catholic Church**, it's part of that, it's a **voice** for it, but it's also **associated** with **two** others. The **church militant** these are the most **radical**. They're the one saying that **Pope Francis** is the **Antichrist**. They are what we would call the most **independent** of **Adventist independence**.

They believe the **Catholic Church** leadership is in **apostasy** and that they **need** to be **thrown out**.

Life Site news, similarly, **critical**. not quite as **radical** as **church militant**. You find **church militant** on **YouTube**. They have **tens of thousands** of **YouTube** views, and their **main** audience is within the **United States**, where there is the **greatest opposition** to **Pope Francis**.

In **EWTN** and these **Catholic Church** conservatives, what they're **teaching** is that **Francis** is **deliberately** bringing about **confusion**, so that **Francis** can bring in his **New World Order** and his **secret agenda**.

What I want us to see is that, when you listen to **Walter Veith**, and our **conspiracy theories**, they're not so special.

I'm going to make some quotes now from another **Catholic news site**. This is now the **National Catholic Reporter**.

The **National Catholic Reporter**, they're not quite as big as **EWTN** but they are really the **liberal voice**, the **liberal spokes people** within the **Catholic Church**. The **National Catholic Reporter**.

- **NATIONAL CATHOLIC REPORTER**

I'm quoting directly from an article they put out in July. *"After more than a century of secret vaccinations a group of Freemasons and communists aided by liberals modernists and mafia of reforming church leaders, are able to subvert the Catholic Church from within, including electing a corrupt Pope all as part of a diabolical plot for world domination. The latest Dan Brown novel, no, it is the thesis of infiltration, the plot to destroy the church from within by radical traditionalists Taylor Marshall".*

Taylor Marshall is the voice behind church militant.

- **EWTN**
 - |----- **Church Militant (Taylor Marshall)**
 - |----- **Life Site News**

So, what **church militant** teaches, as what they just summarized as being the main tenants of his book. That the **Catholic Church** has been **infiltrated** from **within** and **elected** a **false Pope**, a **corrupt Pope**.

The books **publisher** turns out to be a **small Catholic press** that is **affiliated** with the **Eternal Word television network, EWTN**, best known for its cable television channel.

But also, the **owner** of a **radio station** and **broadcast** and **newspaper** and two **online news** services, and a **religious goods catalog**, and a **book publishing**.

A truly **global media empire, WTN** that has given favorable coverage to **Republican** politicians and the **Trump White House**.

EWTN also is the media star in a web of connections among wealthy **conservative Catholic** donors and even some anti **Pope Francis** extremists.

On **Memorial Day**, viewers who tuned into **EWTN News Nightly**, for news from a **Catholic perspective**, were treated to two previously recorded one-on-one **interviews** by anchor **Lauren Ashburn**, two previously recorded **interviews** with **Mike Pence** and **Sarah Huckabee Sanders**.

The **segment** was **clear** evidence of how a **television outlet** once devoted to expressions of **Catholic piety** and **conservative catechists** and **apologetics**, has grown into a truly **influential media empire**.

Well-connected to **Republican politicians** and the **Trump White House**, where the **Catholic perspective** is unabashedly partisan, has also become the **media star** in a **web** of connections, including **wealthy conservative Catholic donors**. And some of the most public **anti Pope Francis** forces in the **Catholic world**.

Those connections **traceable** through a maze of **nonprofit organizations** helped fuel **EWTN's** development it is a complex tale, involving the matchup of a peculiar brand of **U.S. conservative Catholicism** with **conservative political ideology** and economic theory.

What the **National Catholic Reporter** does is, in **July** of this year, they release a **four-part series**, and it's a **four-part takedown** of **EWTN**. Their **conservative broadcasting rivals**.

I'm quoting from two of those four articles. Quoting from a third article. What they begin to do is show how **Archbishop Vigano**, who last year **publicly** called for the **removal** of **Pope Francis**, it's himself, tied to the **leadership** behind the **EWTN**.

Archbishop Vigano recently **released** a book, "**Vigano verses the Vatican.**" The uncensored testimony of the Italian journalist who helped break the story.

So, **Vigano** releases a book, "**Vigano verses the Vatican**", its publication **confirms** another **link** between **EWTN** and **Vigano**.

Vigano worked with the **EWTN** board members in **drafting** his **original** letters, and in the **preparation** of his book.

Quoting further down this article,

*"Nowhere is the division more blatant than on a recurring segment of the world over as a program on **EWTN**. Featuring anchor **Raymond Arroyo** who also has a gig at **Fox News**. The segment has become little more than a **Vatican bashing roundtable**. Weather of how **Francis** is strengthening the **Catholic** teaching of the **death** penalty, how he's handling the **sex abuse scandal**, or different **Catholic doctrines**".*

*Not surprisingly they're also **attacking** the **Amazonian Synod**. Guests on the show are a who's who of **Francis** critics, including one columnist. (they start listing a few columnist) who signed the **2017 Filial** correction letter, that accused **Pope Francis** of being a **heretic**. And **Cardinal Burke**, one of **four Cardinals** to **openly** challenge one of the **Pope's apostolic letters**.*

A **Cardinal** who openly said that **Pope Francis** was in doctrinal heresy.

So, what this four-part series of **National Catholic Reporter** does is it takes down **EWTN**. And it starts **breaking** down how **EWTN** is **publicly** and **privately** undermining **Pope Francis**.

In the midst of **July**, a four-part series from the **National Catholic Reporter**, about the **Eternal Word Television Network**, a **media empire** started in **1981** by a **feisty Nun** and her **religious order**, in the deep south.

What **Nun** started **EWTN**? **Mother Angelica**.

1981 Mother Angelica starts **EWTN**.

And what **Elder Jeff teaches** is at **EWTN**, not started in **1996**, they got a few contracts here, so he wants to place a **formalization** here. I have no problem with that. If he wants to put it in this list, I'm fine with that.

But what he is saying is, that this **network EWTN**, that **Mother Angelica's** setup, **disproves two streams of information**, because now you have **three**, and **EWTN** is the **voice** of the **Beast**. A couple of problems I have with that.

“Hiding Mother Angelica”

Fox = False Prophet

CNN = Dragon

EWTN = Beast

EWTN, does it **speak** for **Pope Francis**? **No**, it **speaks** for those who believe that he's a **heretic** within their **church** and needs to be **removed**.

You can place its **formalization** in **1996**.

But you have **two streams** within the **Catholic Church**.

- **EWTN**
 - |----- **Church Militant (Taylor Marshall)**
 - |----- **Life Site News**

What **Elder Jeff** has done was **unwittingly, unintentionally**, gives stronger **evidence** for the **message** of **two streams of information**.

We have **four** subjects of the **Midnight Cry** that are all **under** discussion. We have the **United States**, we have **Adventism**, we have the **Papacy** and we have our **Movement**.

***United States** ***Adventism** ***Papacy** ***Movement**

These are the **four external** subjects that we are **threading** the history of, in the **Midnight Cry** message, and in other **messages**, that are currently being **developed** and **presented**. These are our **four** subjects.

For every one of these subjects what condition are they in internally? **Civil War, Civil War, Civil War, and Civil War.**

<u>United States</u>	<u>Adventism</u>	<u>Papacy</u>	<u>Movement</u>
Civil War	Civil War	Civil War	Civil War

So, we can come back to this model. And what I have said that within the **United States** they're in a **Civil War**. And how many sides do you have if there's a **Civil War**? **You have two sides.**

So, how many narratives do you have? **You have two narratives.** It's as simple as that.

You have CNN and Fox.

Adventism

Papacy

Movement

CNN FOX

And now **Jeff** says no, because you have a **network** started by a feisty **Catholic nun** in the deep south, who's extremely **conservative**, is fighting against **liberalism**, and all those men who gave rise to **Pope Francis**, She starts this **network** in **1996**, and that is well and good.

Elder Jeff would teach, that I **intentionally** hide this **network**.

Intentionally knew that it was in some fashion **formalized** in **1996**, but that I never **presented** that because I didn't want to **show** the **work** of the **Papacy** in this history.

It's part of his narrative that I'm trying to cover up the work of the **Papacy** and we discussed that yesterday.

The **Midnight Cry message** began with **Fatima** ended with the counterfeit.

But **EWTN**, what **Elder Jeff** has given us, is evidence of **two streams of information**. Because from, depending how far you want to go back, I would highlight **1996, 2001**.

You have this **Civil War** within the **Papacy**. And in that **Civil War** you have **two sides** as in any **Civil War** and **two streams of information**. And you have **EWTN**.

EWTN is saying, we love our church, we are concerned about our **Pope**, have you seen the **headdresses** and the **paganism**, we need to pray for our **Pope**. This is their nicest reporting; we need to **pray** for **him** so he can be strong and **resist** the **temptation** of all these wicked people. And you have **National Catholic Reporter** saying, have you seen our hairdressers

I'm going to quote from the **National Catholic Reporter; EWTN criticized** that ceremony with those **five wooden statutes** and they said this is ridiculous. **EWTN** said that this was a **pagan** ritual, with these **pagan Amazonia goddesses**. They made the statements, this is **EWTN**, the identifiably **Christian** has aspects of the ritual, have taken place alongside and identified images and sculptures with the incorporation of rituals of unclear origin. And this has led to confusion.

So, what **EWTN** is saying, **Pope Francis** has mingled identifiably **Christian** elements with these **pagan** rooted **symbols** and **goddesses**.

How does **National Catholic Reporter** respond? Why is the carved image of a pregnant woman so tantalizing to these critics? But they have not a second thought for the **Egyptian obelisk** in the center of **St. Peter's Square**, nor the **Fresco of the Delphic Oracle** in the **Sixteenth Chapel**.

Remember that **Philistines** in earlier generations, wanted the **nudes** on the **Sixteenth Chapel** covered.

So, **ETWN** says, this is terrible, there's these **pagan goddesses** at the **Vatican** and **NCR** says, do you know what an **Egyptian obelisk** is? Have you looked at the ceiling of the **Sixteenth Chapel**?

EWTN is saying these **statues** of **women** are **naked**. And **NCR** says, have you seen inside your own **church**?

This also brings back memories of **Walter Vieth**. And what has made **conservative Adventism** believe that somehow, we have their **secret** knowledge of what an **obelisk** is.

They know what an **obelisk** is. They know what they have **inside** their own **church**.

What they have, the fight they're in right now is over **dispensationalism**.

“DISPENSATIONALISM”

EWTN, and those **affiliated** with them, are saying **Pope Francis** wants to bring in **married Priest** and **women Deacons**.

I **listened** to a broadcast by **Taylor Marshall** on **church militant** this morning. And he takes a **strong emphatic position** that **teaching** never **changes**. He is making a direct **attack** on **dispensationalism**.

That **Pope Francis** **cannot** come in and **ordain** a **married priest**, because once it is decided that **priests** should not be **married**, nothing can **change** that.

The argument is the **Civil War** inside the **Papacy** is all about **dispensationalism**. And what does **NCR** say in response? **NCR** says in response, **150** years ago, the **Catholic Church** didn't believe in such a thing as **democracy**, or in **religious freedom**. Do you remember your own history **150** years ago? So, how can you say that your **Catholic Church** is not **dispensational**. You've changed your position **EWTN** on **democracy**.

So, there's this debate between these **two streams of information** within the **Catholic Church**, is all about **dispensationalism** and whether or not **Catholic tradition** changes from one **dispensation** to another **dispensation**.

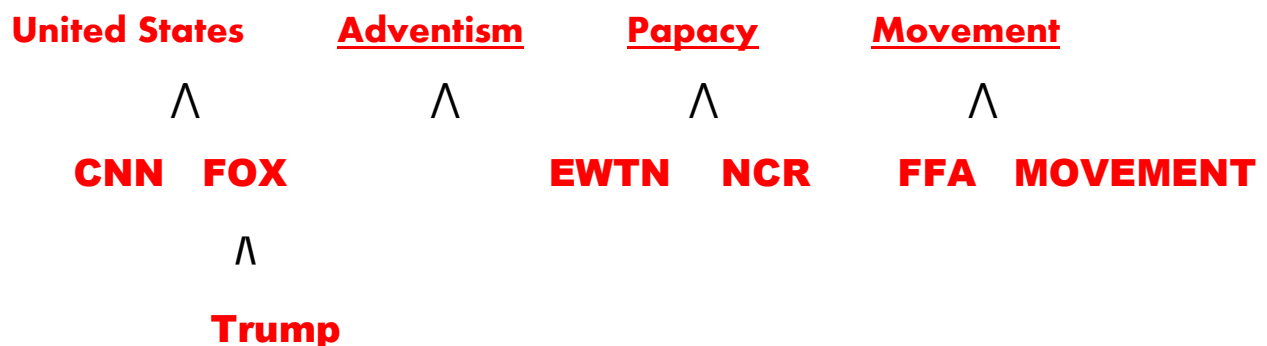

“DISPENSATIONALISM”

Each one of these four subjects are in a state of **Civil War**. And what we do throughout our studies, is line them up and make comparisons; **compares and contrast** them.

USA two streams of information. Only one of these **streams** is going to unite behind the movement that **finishes the work**.

Fox is going to unite behind **Donald Trump**, already has. Finish the work, bring in the Sunday Law.

There's a movement here and **NCR** is uniting behind **Francis**, who was raised up in **2001**, reforming the **Catholic Church** and is going to do a work. Same thing with the movement, there's **two sides** arguing about **dispensationalism**.

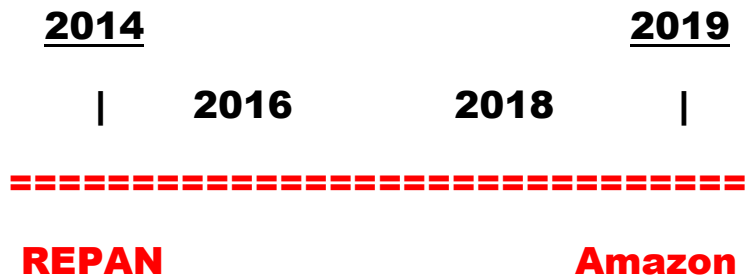

“DISPENSATIONALISM”

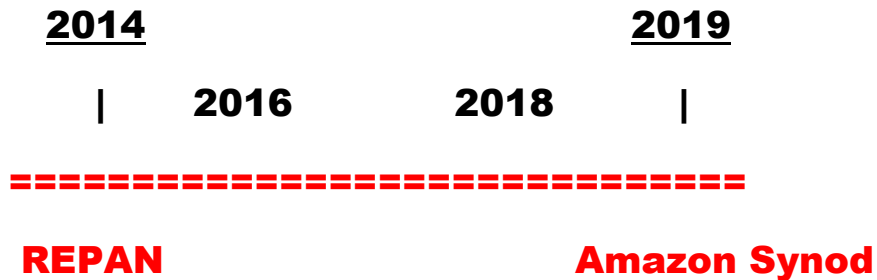

And you know this **movement**, the **leadership** of this **movement** as it is today, are going to **finish the work**, complete the work this **movement** was **raised up to do**.

The very first attack on the **Midnight Cry** in **October 3**, was about two streams of information. The first video **Elder Jeff** releases, attacking the **Midnight Cry**, separating himself from this message was about **two streams of information. EWTN** and **Mother Angelica**.

You go into **EWTN** you trace the way marks; you thread history in our **dispensation**, you see the work of **Pope Francis**.

2014 to **2019** you have this **Civil War** within the **Papacy**. **2014** it's preparation for the **Amazonian Synod**. And he's restructuring the **Catholic Church**. Its beginning in the Amazon, they all know that this is the beginning of a worldwide change, relating to the marriage of the priesthood and women within the **Catholic Church**.

Worldwide Movement

***Married Priest**

***Women Deacon**

2019 it breaks into the open. You have the two main **Catholic news networks** at open war. One supporting **Francis**, one openly attacking **Francis**. One tied to the independent portions of the **Catholic Church**. This is an open **Civil War**.

- **EWTN**
 - |----- **Church Militant (Taylor Marshall)**
 - |----- **Life Site News**

If you want to know who speaks for the **Francis** leadership **Papacy**, it's not **EWTN**, they are not his voice. The **National Catholic Reporter** is.

***NATIONAL CATHOLIC REPORTER**

So, the claim that **Mother Angelica** and **EWTN** in **1996** is some type of mouthpiece, **they are not a mouthpiece for the Papacy** at the end of the world.

Pope Francis is a **counterfeit** of this **movement**. And as a **counterfeit of this movement**, what is this movement been doing? **Discussing dispensationalism**, discussing **equality**, and people's **rights**. That is being **counterfeited** within the **Papacy**.

You know that **Pope Francis** is the **final Pope** that's going to **finish** the **work**. You know that this **movement** and the **leadership** of this **movement** as it **currently exists**, is what? **Is going to finish the work. I hope we can see how even the attacks on this message only serve to strengthen it.**

Ellen White makes this **statement** that, those **attacking** the **Gospel message**, cannot **help** but give **glory to God** with their **attacks**. And even with this, even with the subject of **half right half wrong**. made us go **back** into this **history** and see in a **stronger fashion** than we've ever seen before that we're **in a history of success**.

And now when the attacks come again, attacking **two streams of information** they only serve to strengthen it.

If you kneel with me, we'll close in prayer.

Dear father in heaven, thank you for our blessings. Thank you, Lord, that you reinforce and strengthen the messages you've given us. Thank you, Lord, that we can have a Foundation for our faith, thank you Lord for its consistency. I pray Lord that we will be consistent, that we will have trust in you, and faith in you. That the things that we don't understand we will trust you to reveal them in your time. I put all into your hands, I put this movement into your hands, I pray for those that are being shaken by these disagreements. With those attacking this movement. I pray Lord that they will be able to see and accept that you have led us in the past, you have led us these five years, that you're leading us now.

I pray in Jesus name, Amen
