04/02/2020	Brother Jonathon	<p>Praises the Lord in how He unites loved ones and how He provides comfort and peace during a time of loss and grief. A little while ago, Brother Jonathon asked us to keep his family in prayer, specifically for his mom's mother in her final days of dementia. He prayed for the Lord to end her suffering and to make it home to attend his grandmother's funeral and be there to provide comfort for his family. God heard Brother Jonathon and all who prayed on his behalf and He proved Himself faithful and blessed tremendously! Brother Jonathon shares, "My Nana passed away two days before I came home...I am happy she is no longer suffering. It was a long run for her with dementia. My trip was blessed. My family (parents and brothers) had an excellent visit." What an answer to prayer! Glory be to God! Oh how He loves us and hears us! Brother Jonathon thanks everyone for their prayers.</p>
04/02/2020	Sister Elaine	<p>Passes on a testimony from a dear friend of hers named, Crystal to bless and encourage all:</p> <p>In a message to Sister Elaine her friend Crystal greets her and shares, "We can see lots of things going on in the world, I have a lot of things going on in my personal world [but] I cannot focus on those things. I'm just focusing on Jesus to carry me through. Here is the latest update, if you are able to, please share it with others and prayers of the saints are solicited in this difficult time for me..."</p> <p>Crystal's update is as follows:</p> <p>"While in Mexico, I was not able to access the GoFundMe page to update. I was hoping to do that but didn't know that being out of the country made it inaccessible. I had really good experiences there. I wish I could tell you all about it! ... Overall, everything was good and I am feeling much better despite having to leave the clinic almost a week sooner than planned due to the circumstances that we are all facing. I would have liked to finish out the week, but thankfully a good deal of my strength returned and I felt confident that I could continue my home program upon returning. I will have one year of continued support from the staff at the clinic as I'll be doing modified versions of</p>

		<p>what I've done there. Three months of supplements are included with the price of the program to get me started as well as two very important adjuncts, which equipment has also been included. I think I'll be okay! Thank you all for everything and I pray you be well along with your families in these trying times. Let us all hope for the best and remember we're all in this together. God bless." May God continue to bless her and her family! Thanks for sharing! Let us remember her in prayer. ☺</p>
04/02/2020	Brother Jonathon	<p>Praises the Lord for His mighty protection and impeccable deliverance! Brother Jonathon asked all to keep him in prayer as he awaited the results. Previously, he was contacted by his boss, who informed him that Brother Jonathon's coworker's roommate had been really sick and tested positive for the Covid-19 virus. The coworker had been working alongside the crew and could have possibly spread the virus to any one of them. But God, intervened in a mighty way, for what could have resulted in the worse, He prevented! Brother Jonathon shares the great news, "Took a long time for the test results, longer than I expected anyway, but it looks like I'm clear from exposure. Back to work on Thursday thankfully." What great news indeed! The Lord is so good! Praise Him! Brother Jonathon expresses, "Thanks to everyone who kept me in prayers. Always appreciated!"</p>
04/02/2020	Sister Lana	<p>Shares a gem of thought to encourage: "I realize now how much each one of us is important in this work. Each one of us is precious because we made a leap of faith! Like Abraham, [we chose] to go into [the] unknown, to follow the people that teach contrary to what we have taught and lived all through our lives. To step out of our comfort zones and follow Him. I believe God values us much, because how many would listen and recognize His voice? No wonder the 144K is only priests. Before I wondered if it was fair for Levites and Nethinims, but think about it, we did what Abraham did." Indeed we did! May the Lord keep us and sustain us. And, may we be found faithful to the end. Amen.</p>
04/02/2020	Sister Victoria	<p>Praises the Lord for Life and the opportunity to have it more abundantly! Sister Victoria wants to take the time to thank the Lord for the life of the brethren. She cherishes the life of all the brethren who stand for truth and live to be a blessing. For all the April babies (those born in April), happy birthday! May God continue to bless you as you continue to choose to live for Him with the sole purpose to honor Him with your life and be the blessing He has raised you up to be for such</p>

04/02/2020	Sister Victoria	Praises the Lord for making a way of escape when it seems there is no way out! Hallelujah! Sister Victoria had asked for prayer for protection and travelling mercies as she was to attend the Canadian Prophecy School for two weeks. It was her first time travelling outside the U.S, on her own, let alone visiting Canada. Sister Victoria is happy to announce that she made it safely back to the USA. She shares, "It was fun while it lasted. Unfortunately, I had to cut my trip short due to potential shutdown of air traffic between countries and the possibility of an extended trip than originally planned due to the Covid-19 outbreak. But what a blessed adventure it was! I got to meet and fellowship and learn with amazing like-minded brethren. Laugh, study, explore, sleep, and eat! God is so good, even in times of great turmoil. I will greatly miss you all and will forever cherish my Canadian experience!" Praise God!
04/02/2020	Select Members of Sac Fellowship	Praises the Lord for keeping His people safe and keeping true to his promise of working all things out for His people. We see great evidence in how He is using this time of great turmoil and uncertainty in the world since the Covid-19 outbreak, to prepare His people by an increase of study time and getting caught up with advancing light for the work He is calling them to do. Also, in how those who have been affected personally by the virus of either testing positive for it or knowing of someone close to them who has, He has provided recovery and/or comfort for them. We thank Him for how He has kept many of us through this horrific time of earth's history. May God continue to keep us as time here on this earth draws to a close. Amen.
