|-----------|-------------------|---|
| 9/26/2019 | Sister Suzan | <p>Shares what a blessed delight it is to be back in the comforts of her home! Sister Suzan had left her home to reside with her mom when she was informed that her mother had fallen and broke her hip. She took on the responsibility to help her mom with daily tasks that she could no longer do by herself. In being there with and for her mom through her recovery from that fall, it left Sister Suzan out of touch with everything that was occurring outside of helping her mom due to not having any connection to the internet. It left her feeling behind in receiving present truth, isolated from her church family and not knowing what was going on, depressed and left out. It really stretched her. This trial has been just one of many. She expressed that after her baptism, she went through a deep wave of trials--one trial after the next. After she would get some victory over one massive trial, on went another. Nevertheless, she praises the Lord for caring for her as she took care of her mom. She praises the Lord that He didn't let go of her when her faith was weakened. She praises the Lord that He didn't let go of her when she doubted Him at times. She praises the Lord that He didn't leave her in utter despair and loneliness. In fact, this trial drew her even closer to God, constantly seeking His help and guidance; and, unceasingly in prayer for strength and wisdom. Amen! Sister Suzan has rest, peace, and joy now that her mom is home and safely secured there with set caregivers who come in and care for her throughout the day. Praise God! He is so wonderful, isn't He?! Amen!</p> |
| 9/26/2019 | Sister Antoinette | <p>Praises God for Hedge He has around the small Sacramento group. She shares that He has kept them together—the main people who started from the very beginning. It is such a blessing to see them still walking together! And, even now as we are connected with others who have joined this group, it is so wonderful to see how God has kept us and helps us to keep pressing forward in the truth. Praise God! Sister Antoinette declares that the Lord has revealed His truth. It is so disheartening how many have struggled, given up, and walked away over it. She testifies that if you hang on and press forward by faith, what you don't get and understand now, the Lord will reveal it to you in due season. Amen. She praises the Lord for giving us wisdom to stand firm. We know what stream is true even when Elder Jeff says one thing and Elder Parminder says another. We need to listen to the message in its</p> |

Praise ye the LORD. Praise, O ye servants of the LORD, praise the name of the LORD.

Psalms 113:1

| | | entirety before walking away and letting go. There is hope in the present messages. And if we hold tight and wait upon the Lord, He will give us understanding and make thing plain to us. He will hide nothing. |
| 9/26/2019 | Sister Victoria | Praises God for allowing us to see prophecy being fulfilled before our very eyes! The Movement is currently viewed by many of their opponents as The Omega Movement. The name has not yet been officiated as the name of the Movement. But it is interesting that it has always been said that the Movement will be given a name by their opponents that is considered both demeaning with a negative stigma as well as of prophetic significance that pertains to their mission. The name Omega Movement indicates both. Though not certain if this is the new name, It is definitely a testament to God faithfulness in keeping His promise as to what will come. |
| 9/26/2019 | Brother Robert | Praises God for giving us wisdom to discern between truth and error. Amen! |
| 9/26/2019 | Sister Antoinette | Reports that her friend Dovie still has the rashes on her body from a bad outbreak, but they are healing and getting much better. Praise God! |
| 9/26/2019 | Sister Suzan | Reports that the power is back on for the home of Sister Christine and Brother Francisco! Praise the Lord! Due to a fire warning in the area, PG&E had cut off the power for many homes. It has been such an inconvenience for them, especially as they prepare for the upcoming meetings happening in Sacramento via Zoom. Now that the power is on, by the grace of God that it stays on, she can work on her presentation and complete it. Amen! God is so good in how He comes through for His people! |
