10/22/2019	Sister Logina and Brother Fel (Part 1)	<p>Praises be to the Lord for He is so timely, good, and wonderful! The House family can surely attest to this! Sister Logina and Brother Fel were located in the country of Ecuador during a time of great crisis and uproar. The second week of their stay in Ecuador, a protest broke out by the indigenous people lasting about eleven days. While it lasted, the whole country of Ecuador was affected. The indigenous people make up 25% of the population of Ecuador. The trade in Ecuador is primarily agriculture. When the now president (previous vice president) took out subsidy for fuel, it caused the economy to spike. The indigenous people could not afford the increase of daily commerce. The cost of public transportation, for example, once as low as \$1.05, and overnight rose to almost \$3.00! The next day, a great uproar arose from the indigenous people in protest. The protest was so vast that everything went into shut down putting the country into a state of emergency. Thankfully, in the midst of such chaos, Sister Logina and Brother Fel were safely residing in a small village. Every need they had, God provided. They had plenty of dry foods, but lacked fresh produce, such as fruits and vegetables. Their daughter knew of a family who had a huge garden of whom she had built a good rapport with over a period of time. Through her connection with that family, they were able to get fruits and vegetables during this emergency. Praise God! The family's garden was a total of six miles (there and back) from where Brother Fel and Sister Logina were residing. So, their son-in-law walked six miles in order for the family to have fresh fruits and veggies. Think of the inconvenience of having to walk six miles to get fruits and vegetables... But, God provided! The only thing that was on the heart of the Brother and Sister House was, "Wow, God is good!" We are safe, we are secure, and our needs are provided for... we can't complain." That is simply amazing! To come away from such an experience and look back and say that was a wonderful experience is an encouragement to us all. Sister Logina and Brother Fel testify that this experience was only a preparation for something greater to come. It is a "small glimpse" of what's to come ahead in these last final days. Their faith grew from this experience and they would not trade this experience for any other. Praise the Lord!</p>

	(Part two)	to coming back to CA to attend the upcoming camp meeting in Rescue, CA and to be baptized. When they got word that the country of Ecuador was in a state of emergency due to the mass protest and no one could leave or depart—the airports were closed down—they didn't really know what to do. And in a time of uncertainty, they turned to the Lord in prayer. They were praying that God would show them a way to get back to CA in order make it to the camp meeting In Rescue. They were scheduled to leave the 17 <sup>th</sup> of October to be back in time. They wanted to honor the oppressed people by departing in a way that would not take away from their cry of justice. On Oct 13 <sup>th</sup> , they prayed specifically that the Lord would open a normal way for them to depart in time. If not, they would reschedule their departure and miss being baptized. An hour after praying that prayer, their daughter awoke them from their sleep to share the great news, "The protest is over!" Praise God! He is so timely, isn't he?! They are now in California in the safety and comfort of their own home. Wow! God is good!
10/22/2019	Sister Elaine	Has been asking for prayer concerning the weather to be good for the Gold Country Convocation in Rescue, CA. Due to the fire weather and wild fires in California, PG&E released news that they would activate its Emergency Operations, in which they would shut the power off. This would affect many counties in CA, specifically the ones in the Sierra Foothills and the North Bay. This would affect the powers usage during the camp meeting in Rescue. This would cause some inconvenience, but if the power were to be shut off, we would work with it and go forward with the meetings. God knowing our desire worked all things out for our favor. It was reported that the weather during the week of the meetings would be warm and clear weather, which is good for those planning to be baptized. Moreover an update was also issued on a later date by the Rescue Community Center that, "Weather conditions have improved and we are not planning to turn off power at your address..." Praise the Lord! There will be power to utilize the center for the camp meeting as normal on top of superb weather! Hallelujah!
10/22/2019	Sister Victoria	Praises the Lord for Life and the opportunity to have it more abundantly! Sister Victoria wants to take the time to thank the Lord for the life of the brethren. She cherishes the life of all the brethren who stand for truth and live to be a blessing. For all the October babies (those born in October), happy birthday! May God continue to bless you as you continue to choose to live for Him with the sole purpose to honor Him with your life and be the blessing He has raised you up to be for such a

10/22/2019	Select Members of Sacramento Fellowship	Praise the Lord for equipping His people with the power to accomplish the work He has called them to do. As we know there is much that goes into the work of ministry. In addition to our daily tasks and employment we are also called to fulfill the work God has us to do in co-laboring with Him to complete His mission to save souls. With the camp meeting ahead of us, there is a lot to prepare for and arrange for the meetings to happen. At times, it can be very stressful balancing it all. But, the Lord has a way to help us get all that we need done in order for the work to get completed even amongst trials and obstacles that come along the way. We praise Him for being the compassionate God He is to understand us for being big enough to handle all our burdens. To help our feeble hands carry out this work in such a timely manner so that all goes according to His plan. May God be glorified!
10/22/2019	Sister Elaine	Praises the Lord for all the technology we can use for good! Sister Mereoni, who resides in Fiji, is now able to connect via Zoom. May she find the fellowship she needs to help encourage her in her walk with the Lord; and May God receive all the glory.
10/22/2019	Sister Elaine	Praises the Lord for great news of an estranged beloved friend! For a long while, Sister Elaine hadn't heard from a Sister she met at a local church. The last she knew of her, she had moved back to Fiji. She ever kept her in prayer and thought of her often. Of recent, Sister Elaine's prayers had been answered. Sister Elaine got word from a fellow sister who shared, "Your friend Mereoni is alive. She's 80+ years old, still goes to church, and currently lives with her daughter." Wow! Praise the Lord! Great news indeed!
