09/10/2020	Brother Robert	Praises the Lord for the improvement in the air quality and for protecting his health during the poor environmental conditions from the wildfires transpiring. Brother Robert's lungs are functioning okay and he is breathing well. And, considering the health issues he has experienced in the past with his respiratory system, it is truly a testament to God's goodness that he is not having a bad reaction to the smoke and ash in the air from the fires. Praise be to God!
09/10/2020	Sister Suzan	Praises the Lord for breathtaking surprises and grand excitement! Sister Suzan recently received news from her daughter that she is expecting twins! It was through some complications that it was procured that her daughter is pregnant with twins. Wow! What wonderful news indeed. Sister Suzan is happy for her daughter and prays the Lord would see her daughter through a successful delivery.
09/10/2020	Sister Christine	<p>Praises the Lord for His assuring hand and awesomeness! On the behalf of Sister Christine and family, it was asked of us to keep them in prayer as they were to evacuate their home because of the closeness of the wildfires in CA to their home. Sister Christine and family had left to a hotel in Woodland, which had been "a good safe zone for us." They were informed on 9/11/2020 that their area was downgraded to a warning instead of mandatory evacuation, which meant that they could go back to their home—they were sure was still standing. But, waited until after Sabbath and news that their parents' area was safe to return to as well before making the journey back home with their parents. And can we say, "God is good" that upon arriving to their destination, they found both their homes still standing. Praise God! With thankful hearts they express, "Again, thank you so much for all your prayers. God has been good to us and kept us calm during the whole experience." They are praying more of the smoke and ash will clear. "The fire isn't done, looks like it is turning. Resting in our Father's arms."</p> <p style="text-align: center;">"When peace like a river attendeth my way When sorrows like sea billows roll Whatever my lot, Thou hast taught me to say It is well, it is well with my soul."</p>

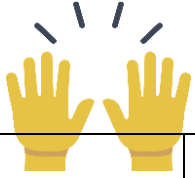

**Praise ye the LORD. Praise, O ye servants of the LORD, praise the name of the LORD.

Trials comprise of sickness but when there is comfort from friends like you and families, the pains are quickly forgotten and treatment will go on well. Thanks for driving out the pains of sickness in me in some sort minutes, now I believed that I will be fine. I'm sure sister with all your prayers from other sisters and [brothers] I will be healthy again."</p> <p>A later update from Brother Christopher:</p> <p>"Blessings Sister Elaine! I went to hospital and finally got my results of the pains in some parts of my body after going through some consultation, testing, and x-ray...The doctor told me the injury is referred to as bruised ribs. He said majority of the pain is caused by injury to the surrounding muscle and rib cartilage. I been having tenderness and pain over the injured area and I also feel pain whenever I breathe, move, laugh or sneeze. So I was told to get enough rest and [to restrict] my activities that involve pulling, pushing, or lifting as they might make the pain worse or cause more damage to the ribs {These} are main treatment options for bruised ribs ... I was told to take pain medicine like acetaminophen or ibuprofen and I should always take deep breaths to avoid pneumonia. For the shoulder, it was actually dislocated and treatment went well. So now I'm going under treatment for 4 weeks as I was instructed. So my beloved sister, the hospital environment became my home for a short time. I appreciate you for making my period of sojourn in the hospital as short as possible through your healing prayers performed just what you sent them to do—to make me whole. Here I am whole and perfect as I go under treatment. Thank you for all your prayers. God bless you."</p> <p>What a wonderful update to know Brother Christopher has received the treatment he needed in order to heal and recover. Praise the Lord!</p>
09/10/2020	Sister Victoria	<p>Passes on a quote by Sheri Eckert that was shared in a chat group for a word of encouragement:</p> <p>"That one who forgives when deep offense has been committed. That one who loves when no one else does. That one who gives kindness to those who are mean. Be that one who looks past the insult, instead</p>
