09/17/2020	Sister Elaine	Praises the Lord for His protective hand! A new fire had sparked into flame by Brother Victor and his family's home. The fire was really close and seemed that they would have to evacuate. But, praise be to God that Brother Victor and family are still home and did not have to evacuate! They are doing well. God is so good! Please continue to keep them in prayer as the fires are still burning and are not fully contained. Thank you.
09/17/2020	Sister LoGina	Praises the Lord for keeping her and family safe! The wildfires had spread close to the area that Sister LoGina and family reside. And prayers were lifted up on their behalf. And God, ever so graciously, heard. Sister LoGina shared, "We are safe." They had left to East Bay to be with their 7wk old granddaughter and family, which they had planned prior to the incident. It was very dark and smoky and thundering. It was like the fire had created its own weather. Sister LoGina shared a more recent report and explained, "Fel was planning [to go] back yesterday to Sol Cal, but since mandatory evacuation order was not lifted, he headed back to East Bay... He will return Sunday and I'll stay another week with Adelaide." It is so amazing how the Lord has kept them safe amidst a dangerous out of control fire in their area. He is wonderfully to be praised! Please continue to keep them in prayer as the fires are still burning and are not fully contained. Thank you.
09/17/2020	Sister Lana	Praises the Lord for His gentle guidance! In light of all that is going on and issues that have come up, God is so merciful to help and teach every one of us how to have the right attitude towards those things. It is such an amazing and humbling praise that He suffers with us and shows us the way. It is so easy to make a mistake. It is so easy to feel not included. And we can thank God that He gives us time to see and work on those issues and get things straightened out and corrected. He is truly to be praised!
09/17/2020	Sister Lana	Shares a passage that was posted in one of the WhatsApp chat groups: Brethren and sisters, let us strive to ripen into sound wheat,

**Praise ye the LORD. Praise, O ye servants of the LORD, praise the name of the LORD.
Psalms 113:1**

		remembering that green stuff, although it may be called wheat, will never do to go into the barn. God will have a perfect harvest, and that which is not ripe when the gathering angels sweep the world, will be gathered among the tares. Let us daily and hourly ripen. When a wheat crop is ripening if it stops its progress for one day, it is liable to be struck with the rust which may spoil the crop. We have barely time to ripe for the kingdom, and if we lose one day, that may cause a blight which may be the means of our meeting the reapers unprepared. {ARSH September 11, 1860, p.132.24}
