| Select Member of Sac Fellowship | Please let us keep Brother Jonathon in prayer. Pray that he will keep the faith and that Lord would open up the very doors of blessings stored specifically for Brother Jonathon that he needs right now. Pray the Lord would put before brother Jonathon glimmers of hope and clarity. Pray that his strength be renewed. That he will continue to fight to the end and be victorious over every pit-hole lain before him by the enemy. That the Lord would press back the darkness surrounding him and rebuke all demonic forces that seek to stir up any kind of despair, fear, and misery. Pray that he will continue to trust that the Lord will work all things out in due time and not give in to the lies of the devil. Pray that he will find comfort in God's promises. That the zeal he once had be rekindled and not burn out. Ask God to strengthen Brother Jonathon where he is weak and give him courage. That the taunting and torment of the devil be quenched and bounce back at Satan himself to be of no affect on Brother Jonathon. That God's ears be perked up at the sound of Brother Jonathon's cry and be quick to deliver him from his enemies. That the Lord would be a safe refuge and the strong tower He promised He would be in times of trouble. AMEN. | 01/02/2020 |
| Sister DI | Asks that we keep her family in prayer, specifically praying for: "First ... my mom, some of you met her when our son was born. She buried her mother (my grandma) just the past Wednesday. Asking for prayers for strength for the entire family as we go through this time of loss. Second is for my dad. He was in the village riding a bicycle just this past Tuesday (day before my grandma was buried) and he had a very bad fall from the bicycle resulting in a slight displaced transcervical fracture of the neck of the left femur. This means he basically has to have at least partial if not full hip surgical replacement. He is in a very critical situation at the moment. He is admitted to Babcock University Hospital in Nigeria ... being overlooked by several physicians in various disciplines. As you can imagine mom and the rest of the family is distraught. The surgery is slated to happen either this week or the coming week or the week after that. So we really really need your prayers at this moment for all to go well." Thank you. | 01/02/2020 |
