Brother Larry	<p>Is asking for prayer for a woman who lives across the street from his workplace. A couple of weeks ago he left her some oranges and upon doing so came to find out that she is a vegan. She shared with him that she was injured on the job as a PE teacher and was hit on the head with a football, and that she has not been the same since. She gets sick when she eats and suffers from a variety of symptoms. He shared with her how he also had the experience of getting hit violently on the head when he was 17 and shared with her his crying out to God for help in which he answered in order to encourage her and be empathetic. He learned that this woman is into spiritualism and reads books on health and diet based on a spiritualistic approach. He shared with her about the nature of man presentations and she asked me to send it to her which he did. She believes her illness is now a spiritual matter but does not yet see the danger in her interest of the kind of books she likes to read. This is a real battle for her mind and heart. Also she just learned that she lost her job and will be let go when the semester is over. One thing he has noticed when talking to her which has been three times now is that afterward he feels weak and exhausted. Demons are fighting for her soul and believes fear his sharing with her. Her name is Stacie which means fruitful, bountiful grain, shall be reborn and resurrection. He shared that with her and she was totally amazed. He also told her God is looking for her to teach others about diet using His word. She's intrigued. It's going to take lots of prayer. Please keep this in prayer. Thank you.</p>	02/20/2020
Members of Sac Fellowship	<p>It has been recognized that all have failed when it comes to our reverence for God, especially during the Sabbath hours. It is our prayer that we would take heed to the counsel given in regards to our behavior on the Sabbath, as well as all other days, but especially during the Sabbath hours. That our behavior during church service is one in which all heavenly being look upon as delightful and holy. That we come with a pure spirit and ready to contribute to the study and discussion and be a blessing, and not a hindrance or stumbling block for anyone. Pray the Lord would forgive us for past mistakes and that moving forward we would show greater reverence on the Sabbath. Thank you for keeping this in prayer.</p>	02/20/2020

Sister Tiffany	Asks that we keep in prayer the leaders and students who are feeling discouraged. In one of Elder Parminder's recent studies (Time of Trouble), he mentions in paraphrasing that some people close to him are experiencing depression and are seeking medical treatment and medical care. They feeling despair and broken. These were people who are confident in God's word. People have thoughts of suicide. They realize that their lives are corrupt, worthless, they have failed in their mission and they want to give up. There are people who want to walk away from ministry; who want to go into second employment and no longer teach. Let us keep all in prayer who are feeling depressed and are want to give up, and are having thoughts of suicide. May the Lord keep all of us. Thank you.	02/20/2020
Sister Victoria	Asks for prayer that the Lord would help develop and mature her character. She is a playful person and has a very naïve spirit. She wants the lord to help her and to give her wisdom and discernment to better recognize the common and the sacred. She wants to go upward and forward and fully take on the responsibility the Lord has called her to and to be faithful in word and example to represent Christ on all days and in every opportunity. Thank you for praying.	02/20/2020
