| Sister Victoria | Asks that we keep her mom's prayer request in prayer. Specifically praying that the family would hear word concerning cousin Bev. The family has been trying to reach out to cousin Bev, but she is not answering her phone, They're not sure of her whereabouts. The family is a bit worried because it's not normal for her to go so long without getting back to someone. It's been two weeks since the calls have been made to check in on her and they've heard no word back from her. They are praying that all is okay and that they would have a peace concerning this matter. | 10/17/2019 |
