Select members of Sac Fellowship	Ask that we keep in prayer those who are negatively affected and inconvenienced by the natural disasters occurring in many parts of the world. We know as this earth nears its close, natural disasters will only get worse as time progresses. As for now, there are below normal temperatures in the South Central parts of the US to the East Coast; Raging wildfires are breaking out in various parts of the world causing multiple evacuations and inconveniences due to power shutoffs; Back to back earthquakes of felt magnitudes rattling the earth; Unprecedented floods happening in different countries around the world; and etc. We pray for all affected by the devastations from the natural disasters. That God would give all peace of mind and continue to keep His hedge around everyone living through such unimaginable turmoil and danger, keeping all safe and protected. All that is temporal will not last, but the eternal will. May those experiencing loss of material things be ever mindful of this. May this drive us ever nearer to the Lord. Pray that all will continue to trust that God will work all things out for the good.	11/12/2019
Sister Antoinette	Shared with us a little while ago her need for prayer concerning her friend Michael about a serious injury to his hand. She asks for continual prayer as his condition has gotten worse. He had accidentally cut his hand with an electric saw. He was sent to the emergency room to get treated for his hand and was given antibiotics to help it recover. However, the antibiotics, instead affected his kidneys negatively. So, he was sent to the hospital a second time. Here he was treated for the issue with his kidneys but was neglected treatment for his hand that was infected at the time. He is now on dialysis. He is currently in his 90s and has dementia. His wife, who is also in her 90s as well nurses him as he is undergoing all of this. Please keep them in your prayers.	11/12/2019
Sister Victoria	Asks that the Lord gives us wisdom and discernment to recognize every and any opportunity to share with our family and friends the truth. As we have entered a new dispensation, may the Lord help us give the message to the Levites. May we ever be ready to speak a word in due season that would help our dear friends and family in the church come to know and understand the present truth that would equip them for the events happening now and to come.	11/12/2019
Sister Lisa	Asks that we keep her in prayer, specifically concerning a sermon she is to preach. She has been asked to preach at church on November 23 rd 2019. She prays only to speak the Lord's words. So pray that God will reveal to her what she is to present on that will be a blessing to all in	11/12/2019

	attendance.	
Sister Antoinette	Asks that we keep her aunt Sherry in prayer. Specifically, asking the Lord to be with her as she undergoes a surgical procedure. Sister Toni's aunt was diagnosed with cancer. Friday, November 15, 2019, her aunt will have surgery to rid the cancer. If the surgery does not go well and is not successful, her aunt is said to have only 14 days to live. Please keep her in your prayers. May God's will be done.	11/12/2019
Select members of Sac Fellowship	Please keep the leaders and representatives in office in prayer. We know that Satan has his agents in office working and doing his bidding, but we also know that God has His people in office as well, urging upon the hearts of women and men to stand for truth and do what is right. Many in choosing to do so are risking their reputation and lives in standing for justice and fighting against tyranny and dictatorship. Pray the Lord continues to give them courage and empower them to speak up honestly with dignity and grace.	11/12/2019
Brethren in Kenya, Africa	It is our humble request as members of Kakuma Fellowship in Kenya to remember us in your prayers. Earlier this year, the whole church of 200+ members converted to the Movement. The General Conference delegates tried to discuss with us in April but we could not come to an agreement. They have been silent since then. However, last week on Tuesday (November 5 th 2019), a delegation from South Sudan and Kenya came and started to discuss again with us. On Friday, November 8 th 2019, they asked us to give them the Sabbath program, but we rejected their request. On the Sabbath, November 9 th 2019, they tried to hijack the program and take the whole program by force but the Elder resisted them for almost an hour till the Lord helped and spent the Sabbath well. This morning November, 10 th 2019, they came back asking the members if there are those who stand on their side, 7 people positively responded. After that they asked those on the side of the Movement to leave the church structure and land. They claimed that it belongs to them because the land was issued under the authority of the SDA. Our members are saying that they own the church and that they are not leaving. We have agreed to report the case to the Refugee Agency to solve it. Please pray for all the steps to be taken and that we do the will of our Lord. Thank you.	11/12/2019
Members of Sac Fellowship	There has been several mass e-mails that have been sent out from people associated with FFA to some in the group that contain very rude, disturbing, and disheartening messages aimed at the present truth message. Please pray for them and ask the Lord to forgive them for they know not what they do. Pray that our response be what the Lord would have us say if any, for silence may be the best response one	11/12/2019

	could give in such situations. Please pray for those who really have no clue what we teach and are misled by people who are not studying. Prayerfully there is still hope for them.	
Sister Antoinette	Asks that we would continue to keep her in prayer, specifically regarding severe pain that she has been experiencing. Sister Toni has shared with us previously that she had underwent various surgeries. Ever since those surgeries, she has been experiencing chronic pain affecting her entire body. The pain has only increased and has gotten a lot worse. For an entire week, she wasn't with us due to the gruesome pain she was going through. Sister Toni has been in constant pain. At times, she could not walk and spent hours crying out to God for help and relief of the pain. She's been doing all she can on her part to help rid the pain. She is feeling a little better now after surrendering it all to the Lord and trusting Him to help her through it; and has a better attitude concerning it, but still asks for prayer as it is something she still wrestles with. She also had a lot of anxiety in addition to her pain. She desires to do the work of the Lord and make it among the faithful enduring to the end. Her anxiety really spikes when told what she cannot do when she knows she can. It makes her feel bad because she believes she only has certain talents. Nevertheless, she is determined to do what she can and also believes that the Lord will help her. Experiencing these trials has only brought her closer to the Lord. Please let us keep Sister Toni in prayer.	11/12/2019
Select members of Sac Fellowship	Please continue to keep Carlton and Carlton's wife, Lorraine in prayer. He attended the minicamp meeting via Zoom. Carlton has been recently inquiring to know more about present truth taught by the Movement. Pray that he has the spiritual discernment to recognize the truth and will continue to receive it despite any pressure from others outside the Movement to sway him away from present truth. That he would be strong in his conviction in that what he is witnessing and eating from the "Omega Movement" is indeed the present truth for our time and choose to walk In that light.	11/12/2019
