Name	Your Prayer Requests	Date
Brethren in Africa	As we now know that the brethren in Kenya, Africa now have a place to worship and found land to build a structure to congregate, they ask for us to continue to keep them in prayer as there are still important required documents needed in order to be granted access to the land:  1.) Certification of registration, 2.) Constitution of the church, 3.)  Certificate of corporation, 4.) Application. May the Lord bless them!	11/19/2019

Sister Victoria	Ask that we keep her female patient in prayer. She is currently in the hospital and will be going to a rehab nursing facility. Pray that she gets the care she needs in order to help her get better and stronger to keep her autonomy to do things by herself and maneuver around her home with some assistance and not total dependence. Thank you.	11/19/2019
