Bother Robert	Ask that we keep him in prayer, specifically praying that the Lord would help him with his presentation for the upcoming Zoom meeting in December. Pray that the Lord would give him wisdom to know how to work the computer and the Apps and software therein to be able to complete his notes and prompt for his presentation. Also pray that the Lord would give him the patience needed to learn and become better skilled at using the computer to present. Thank you.	12/05/2019
