

Prayer Requests Sheet

Name	Your Prayer Requests	Date
Sister Angela	Ask that we continue to keep her family and associates in prayer.	9/5/2019
Sister Chenyu Leng	Asks that we keep her in prayer. She prays for strength and aptitude to keep up with the present messages. She knows that what we are learning is the truth and eagerly wants to understand as much as she possibly can to be able to stand and see her Lord and Savior face to face. She is recovering from damage to her brain and is getting much better. She also asks that we lift her son up in prayer. She, her son, and some others local to them have been studying this message for three years now. Recently her son and many others that were part of their small group have left the movement. They were hurt by the head teacher of their group due to lies and deception. She prays her son (and all who left) comes back and is open to hear the present truth she is learning and is willing to share with them as the Lord leads and impresses her.	9/5/2019
Sister Lana	Has been very overwhelmed of late. She asks that we keep her in prayer, specifically praying that God gives her the desire to write her paper—Thesis. With the constant pressing of her professor, it really adds to the stress of completing her paper. She has much to finish while also wanting to keep up with the current messages coming out of present truth. She prays for God to help her to stay faithful and be prudent in all things, especially in the area concerning the balance of priorities and tasks that need our attention outside of learning this message. She prays for wisdom. She prays that she completes her paper with God's help and that He would help her to keep up and remain faithful to the truth He is blessing her with.	9/5/2019
Sister Victoria	Prays for the language barriers to be broken. That more who do not have English as their first language have access to materials in their own that will help them better understand the present truth for our time.	9/5/2019
Sister Christine & Brother Francisco	Ask that we keep their family in prayer. They pray for their family's salvation. They pray that their family who are still in the world come out of darkness into His marvelous light before it is too late. Their family is going through a lot right now, due to a recent death in the family, one of their younger nephews. They ask that we keep them and their family in prayer during this difficult time. That their family be comforted and someday come to know that death is only but a sleep for those who accept Christ as their Lord and choose to serve Him with a whole heart.	9/5/2019
